RESPONSE TO REQUIREMENT FOR RESTRICTION AND ELECTION

In response to the restriction requirement set forth in the Official Office Action mailed September 22, 2005, Applicant hereby elects, without traverse, Claims 14, 16-39, 52 and 54-86 in Group II. Applicant reserves the right to include the non-elected claims in future divisional applications.

In respect to the election of species, Applicant elects the species that includes dianisylamino styrene (DAAS) for the vinyl substituted tertiary arylamine monomer and methacryloxypropyl trimethoxysilane (MATMS) for the vinyl substituted silane monomer. Further, this polymer is described in Example 7 and is obtained by reacting the monomers DAAS and MATMS with methyltrimethoxysilane. This is the silane monomer having at least one hydrolysable group.

Applicants assert that the following claims read on the elected species: 14, 16-39, 52 and 54,-86 for searching purposes only. It is believed that

all species in the claimed invention should be searched and examined together.
Examination of the elected claims is hereby requested.

Respectfully submitted,

Attorney for Applicant(s)
